DOJ'S FAILURE TO PROTECT
VOTING RIGHTS

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 15, 2017

Ms. SEWELL of Alabama. Mr. Speaker, today I rise in protest of President Trump and his Justice Department's failure to protect Americans' voting rights. The right to vote is a sacred right for which Americans have fought for generations. From the battlefields of the Revolutionary War, to the Women's Suffrage Movement, to Bloody Sunday in my hometown of Selma, Alabama, Americans have risked their lives for the right to vote.

Unfortunately, The Trump Justice Department recently decided to dismiss their discriminatory purpose claim against Texas's voter ID law. Texas's current draconian Voter ID law places harsh restrictions on minorities and young voters. In 2013, the Department of Justice filed a lawsuit against the state of Texas claiming that their voter photo identification law, SB 14, violated Section 2 of the Voting Rights Act. Since then, two courts have agreed that this law is discriminatory. So it is incredibly disturbing that the new Department of Justice reversed their position and withdrew their lawsuit. This action represents a dramatic shift from the Obama Administration's policy of protecting Americans' voting rights.

The American people deserve a Justice Department that values and protects the right to vote. New barriers to voting are being erected across the country, threatening the integrity of our electoral process and our democracy. For example, after the Supreme Court struck down key provisions of the Voting Rights Act, many states, like Alabama and Texas responded to the Supreme Court's decision by imposing voter ID laws similar to those of the Jim Crow era. These laws are blatantly discriminatory, undemocratic, and un-American.

In Alabama, the state government passed a law requiring a photo ID to vote while simultaneously closing 34 DMV offices. Doing so had a discriminatory effect on 8 out of the 10 counties in Alabama with the highest percentage of Black registered voters. Clearly we cannot yet trust certain states to protect their citizens' right to vote. As Americans, we should all be horrified of these laws and the Department of Justice's failure to fight these regressive measures.

States must not be allowed to return to an era of mass-voter discrimination, and historically, it has been the responsibility of the Justice Department to protect Americans from new Jim Crow like laws. Unfortunately, President Trump's Justice Department seems to be rolling back this policy.

In 2015, I introduced the Voting Rights Advancement Act, legislation that would require states with a recent history of voter discrimination to seek approval from the U.S. Department of Justice before making any changes to their electoral laws. Specifically, this bill will re-

store Section 4(b) of the VRA which the Supreme Court invalidated in *Shelby County v. Holder*. Under the new Trump Administration, it is more important than ever that we pass the Voting Rights Advancement Act, and have an independent Justice Department that is committed to protecting Americans' right to vote.

REMEMBERING IRON BILL
DOWLING

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 15, 2017

Mr. POE of Texas. Mr. Speaker, today, March 15, 2017 the last alarm will be sounded for one of Houston's finest, Captain William "Iron Bill" Dowling. Although Iron Bill fought tirelessly these last few years, he went home with the Good Lord shortly before his 44th birthday: March 14, 1973–March 7, 2017.

While we mourn the loss of this Houstonian Hero, we also remember his service to his city and country. On May 31, 2013, Houston Fire Department suffered its most tragic event in its history. A 5-alarm blaze at a hotel in southwest Houston claimed the lives of four firefighters and injured fourteen other firefighters when the roof collapsed, some critically.

The following lives were lost:

Captain EMT Matthew Renaud, 35, of Station 51;

Engineer Operator EMT Robert Bebee, 41, of Station 51;

Firefighter EMT Robert Garner, 29, of Station 68;

Probationary Firefighter Anne Sullivan, 24, of Station 68.

They were the best we had in Houston, and we are still saddened that they are gone.

One of the brave who survived was Captain Dowling.

Iron Bill was injured serving Houston, the community in which he was raised. A graduate of Klein Oak High School, Captain Dowling left

Texas to serve his nation as an enlistee with the United States Marine Corps. In 1993, on leave from Marine boot camp training, he married his high school sweetheart, Jacki. As a Marine, Iron Bill served 4 years, including a deployment to Somalia with I Marine Expeditionary Force in support of Operation Restore Hope, 1995. He returned home to Texas and to Jacki to begin his career and to start a family. Twenty-one years later, Captain Dowling and Jacki have three children: Forrest, Faith and Foster.

Iron Bill's patriotic spirit and love of the community led him to join the Houston Fire Department. He graduated from the Houston Fire Department Academy in 2000 and steadily rose through the ranks. He worked at Stations 12, 19, and 48 before making Captain at Station 68 in January of 2013. Firehouse 68 is located at the corner of Bissonnet and South Gessner in the heart of Southwest Houston. In 2013, the fire apparatus of Firehouse 68 made 14,847 responses, making it the third busiest fire station in the City of Houston. There, at Firehouse 68, Captain Dowling became known as Iron Bill, a fitting nickname to describe a strong and courageous hero.

It was just five months after he arrived at Station 68 that Captain Dowling and fellow firefighters received an alarm call that would take them to the gates of hell.

On that fateful day, in the heat of the Texas noonday sun, Captain Dowling along with the four other firefighters rushed into the hotel to find potential trapped guests. While the firefighters were in the hotel, the roof collapsed, trapping and killing Garner and Sullivan from Station 68 and Bebee and Renaud from Station 51. Captain Dowling's legs were crushed and burned, but he remained calm, radioed for help and waited for his brothers to pull him from the flames.

The attending physician in the ambulance said that Captain Dowling, though severely injured, kept asking about the condition of his crew. He was more concerned for the safety of others than himself, the testament of a true hero. He told the doctor, on the way to the hospital, to tell his wife and children that he would fight for them. Hearing this comes as no surprise to Captain Dowling's family; they know him as a fighter.

Captain Dowling was seriously injured with burns over thirty percent of his body, and he was placed in a medically induced coma for months at Memorial Hermann Hospital and Medical Center. He subsequently had both legs amputated and suffered brain damage. A long road of recovery was ahead for Captain Dowling, but surrounded by a team of doctors, his family, firefighter family, friends, church and the entire city and state of Texas, Iron Bill was not alone. Deserving, Captain Dowling became everyone's hero.

Since returning home, Jacki left her full time job at Frank Elementary to care for her husband full time. It's no surprise that as a Texas woman, she's strong and determined, but quite simply, the strength that she possesses is amazing. To keep the community updated on Iron Bill, she started blogging on a community Facebook page entitled "Capt. William Dowling Iron Bill". This blog allows the community to rally behind the Dowling family, cry with them, laugh with them, pray for them and see their hero survive.

In August of 2016, the Dowling family moved to Durango, Colorado in order for Cap-

tain Dowling to make the most of his journey in the great outdoors. He became hooked on skiing through Adaptive Sports. Jacki said he was the healthiest he had been in a long time and was thriving in the mountain air so Jacki returned to coaching volleyball.

On the morning of March 7, 2017 Jacki asked for prayers for Iron Bill, as she was worried about his recent spell with pneumonia. That evening Captain William Dowling took his final journey home into the arms of the Good Lord.

Captain Dowling will be remembered for his bravery, determination, and loyalty. He always put others ahead of himself and was dedicated to serving his community. The legacy Iron Bill leaves behind is one that his friends, family, and community will never forget.

Today, the entire city of Houston will pay tribute to the life of one of Houston's heroes, one of our finest.

Houston firefighters are grateful for the support of 174 firefighters from 30 Texas departments that will ride in Houston stations tomorrow so A-shift firefighters can attend the memorial service for Iron Bill Dowling. Thanks to firefighters from College Station, Plano, Montgomery County, Conroe, Weatherford, Pearland, New Braunfels, South Montgomery County, Fort Worth, Sugar Land, China Grove, Kemah, West University, Longview, Nacogdoches, Bexar County ESD 2, Lewisville, Galveston, Lubbock, Baytown, Southlake, Benbrook, Seguin, Austin, Dallas, Westfield, Waco, Hutchins, Tomball, and The Woodlands.

As the family of Iron Bill mourns the loss of a great man, I hope they know the community of Tomball, the greater Houston area and Texas' Second District will keep the family in their thoughts and prayers. Our community will always be grateful for his service and sacrifices. Once a hero, always a hero. That's the man we call Iron Bill.

And that's just the way it is.

CELEBRATING MAPLE SEASON IN NEW YORK'S 21ST DISTRICT

HON. ELISE M. STEFANIK

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, March 15, 2017

Ms. STEFANIK. Mr. Speaker, I rise today to honor a time-honored tradition in New York's 21st district. Specialty crop products are a critical part of the North Country's economy, and maple holds a special and delicious place among them. Every year in late winter and early spring, the cultivation of maple tree sap gives residents a reason to celebrate.

New York State is home to the largest resource of tappable maple trees within the United States. Every year, our farms produce thousands of gallons of sap, which will then be made into syrup and other maple products. These products are not only a staple in households across the region, they also encourage tourism and support our small and local businesses.

The benefits of maple syrup production are a source of celebration for communities throughout the North Country. Throughout March, maple festivals are held across New York, with families and friends gathering to enjoy delicious products and attend tours of locally owned farms.

In our district, the Toad Hill Maple Farm has been producing high quality maple products for over 30 years. Utilizing more than 100 acres of land and currently standing as the largest maple producer in Warren County, the system used at Toad Hill can turn 1,000 gallons of sap into 25 gallons of syrup per hour.

Mr. Speaker, I am proud to stand on the House floor today to support our North Country maple farmers.
